👤 PROFILE

Full Stack Web Developer with experience in building and maintaining web applications using Laravel and Node.js, with a proven track record of contributing to major projects. Skilled in problem-solving, teamwork, and delivering innovative, efficient solutions.

Passionate about languages (native Arabic speaker, fluent in English and French, currently learning Spanish and Russian) and a dedicated martial artist for 12 years with multiple first-place championships, reflecting discipline and perseverance.

💼 RELEVANT EXPERIENCE   2017 - PRESENT

BackEnd: Php & Laravel & NodeJs
🛒 Web Development Projects

- Developed multiple full-stack web applications using Laravel and Node.js, including fully functional e-commerce platforms with product management, authentication, and secure payment integrations.
- Built responsive and mobile-friendly interfaces with a strong focus on UX/UI principles, improving usability and user satisfaction across various devices.
- Implemented RESTful APIs and optimized database queries for performance and scalability.
- Experimented with modern frameworks and interactive elements to enhance user engagement and overall application quality.
- Collaborated on several smaller projects to refine skills in front-end design, back-end architecture, and user-centered design.
- Published projects and code samples on GitLAB for version control and portfolio presentation.

FrontEnd
🖌️ Front-End Development Projects

- Designed and developed multiple responsive front-end interfaces using HTML5, CSS3, and JavaScript (ES6), ensuring cross-browser compatibility and optimized performance.
- Utilized Bootstrap and Tailwind CSS to rapidly build modern, mobile-first layouts with consistent styling.
- Applied Sass for scalable and maintainable stylesheets, and employed Pug and EJS for efficient templating.
- Built dynamic and interactive components with Vue.js and jQuery, enhancing user engagement and improving application usability.
- Focused on UX/UI best practices, accessibility standards, and smooth animations to deliver intuitive user experiences
